Who Are We?

Ecom Tabs is a Canadian brand established to serve the American and Canadian markets. Over time, we have expanded our reach to also cater to the Saudi Arabia and Gulf markets.

We, at Ecom Tabs, take pride in offering specialized services in the field of e-commerce and digital marketing. Our dedicated teams bring together extensive expertise gained from working with internet companies and e-commerce ventures, combined with our knowledge of digital marketing. Our highly specialized teams excel in various areas of digital marketing, including data analytics, social media advertising campaign management, search engine optimization, as well as web and electronic application design and development.

We are committed to providing tailored and comprehensive services to businesses and clients in these markets. Our successful track record and in-depth knowledge reflect our ability to achieve mutual success with our clients in the ever-evolving world of e-commerce and digital marketing.

Our Vision and Values.

At Ecom Tabs, we aspire to become a leading company in the field of e-commerce services through our partnerships with major internet and e-commerce corporations. Our goal is to provide the highest level of service and excellence to our clients, fostering long-term relationships and helping them achieve success in the online world.

Our values are built upon quality in delivering our services, innovative and up-to-date ideas, forging enduring partnerships, and continuous learning.

Brand Identity Design.

A brand identity is one of the most crucial elements of a company, institution, or product. In fact, one could argue that it's the most vital part of all, as it imparts a unique essence and a lasting impression that sticks in people's minds.

That's why, at ecomTabs, we specialize in designing comprehensive brand identities in a distinctive manner for all your businesses and activities. We make them stand out and leave an unparalleled mark, reflecting a significant portion of the company's goals and vision, as well as the activities it offers. This ensures a strong presence in the competitive landscape among large and well-known companies.

Designing and Managing Online Stores.

In the world of e-commerce, the first impression customers get is often from the way an online store looks. People tend to judge how trustworthy a brand is based on its website design. So, paying close attention to how your online store looks has become really important. It helps make your online store look professional and attractive, which in turn helps gain trust from customers.

At ecomTabs, we take a close look at what makes customers interested and we make sure that our online stores are easy to navigate and user-friendly. This way, shopping becomes a fun and comfortable experience. It shows that we care about making customers happy and building their trust, which encourages them to shop with us. Every store we create has its own unique style that matches your brand's identity. But we also focus on the most important thing in e-commerce: your products.

Photography and Video Production.

You know the saying, "A picture is worth a thousand words." Well, it's true. Pictures convey concepts and messages in a powerful way. Especially in the world of social media, where customers can't physically touch your electronic products, the quality of your product photos plays a crucial role in capturing your audience's attention and boosting your sales.

At ecomTabs, we take professional, high-quality photos of your products, and we create stunning commercial videos with creative ideas that reflect the personality and values of your brand. Our team includes specialized product photographers, marketing experts, and designers, ensuring unmatched quality in everything we deliver.

Banner Design for Websites and Social Media.

Companies are always looking for different ways to connect with their audience, and one important tool for that is advertising banners. These banners carry a marketing message, often a specific promotional goal, that companies want to convey to capture the attention of their target audience.

At ecomTabs, we create a variety of banners for your online store. These banners feature eye-catching visuals on your website pages to encourage customers to buy products, promote new items, or draw their attention to store offers. Our designs are beautiful and unique, aligning seamlessly with your store's identity and image.

Noon and Amazon Services.

At ecomTabs, we offer unique services on both Noon and Amazon platforms, allowing you to sell independently and compete effortlessly with your products. We are fully equipped to provide high-quality and distinctive services across various e-commerce platforms, including Noon and Amazon. Some of our key services include:

- Creating and managing accounts on Noon and Amazon.
- Handling marketing campaigns and their management.
- Preparing accounts for FBA (Fulfillment by Amazon) and FBN (Fulfilled by Noon).
- Adding variants for products on Amazon and Noon.
- Establishing a brand store on Noon and Amazon.
- Designing product images on Amazon and Noon.
- Adding products to Amazon, including resizing and optimizing images.
- Incorporating relevant keywords for Amazon SEO to improve search rankings.
- Crafting product descriptions in HTML format.
- Ongoing product optimization and content improvement.
- Managing orders and forwarding them to the appropriate department for shipping.
- Communicating with Amazon support for product enhancements and issue resolution.

We are here to make your online selling experience on Noon and Amazon seamless and successful.

Digital Marketing and Advertising Campaigns.

The number of internet users has grown significantly, turning the online sales market into the largest and most crucial market. E-commerce has become the predominant channel for buying and selling worldwide. If you're a business owner, it's imperative to establish a strong online presence that reflects your company's values and professionally showcases its services and products. This ensures a competitive edge in the market.

At ecomTabs, we assist e-commerce store owners and companies in becoming the preferred choice for their customers by ensuring a strong and strategic online presence. We do this through a multifaceted and synchronized marketing approach. This includes visibility on search engines, advertising, social media, review and comparison websites, and marketing through video platforms like YouTube. These channels help your brand achieve the best visibility in front of your target audience.

Leveraging our extensive experience in e-commerce digital marketing, we help build an integrated strategy to reach your target customers optimally, achieving the highest conversion rates and return on investment.

Other Services.

Having a strong online presence is not just an option anymore; it's a necessity. In the fiercely competitive online world, continuous improvement is a must. That's why ecomTabs offers distinctive supporting services for your e-commerce business. Some of our key services include:

- **Consultation Services:** We provide expert guidance to help you navigate the ever-evolving digital landscape.
- **Customer Service:** We offer customer service solutions to ensure that your customers have a positive experience and receive prompt assistance when needed.
- **Technical Services:** Our technical services cover various aspects, including integrating applications and services into your online store, managing hosting, and setting up email systems.

Staying ahead in the online business arena requires a comprehensive approach, and ecomTabs is here to support your journey with a range of specialized services.
