## OBJECTIVE:

To obtain a position where I can apply my education as a Biotechnologist With a bachelor's degree in biotechnology, and my practical and theoretical understanding of molecular biology field as well as biochemistry, which gives me strong understanding of molecular biology and genetic engineering applications in Microbiology, agricultural. medical biotechnology and other biotechnology-based industries. I also have passion and experience in learning and excelling new skills and technologies as needed.

---

## EDUCATION:

---

### Misr University for Science and Technology (MUST)

B.Sc. Degree in Biotechnology (June 2020)

- Overall GPA grade: "B".
- Graduation research project grade: "A"
- Graduation research project: Biosynthesis of Silver Nanoparticles by Gram Positive and Gramnegative Bacteria and test their as anticancer, antioxidant and antimicrobial activity.

- **Field of study:** Genetic Engineering, Molecular Biology, Genetics, Microbiology and Biology.
- 

### **Experience:**

- Product specialist at Copad Egypt. From March 2021 till June 2021.
  - Senior medical representative at Brother Pharma. From June 2021 till Oct2022.
  - Cell and Gene-therapy product Specialist at Bardissi Medical. From Nov 2021 till now.
  - Studies Total Quality Management at Brooklyn business school. From April 2021 till now
- 

### **Achievements & Honors:**

---

Certificate of Very good for my outstanding academic performance at faculty of  
biotechnology, Misr for Science, and technology University Dec 2017

---

### **LANGUAGE COMPETENCIES**

---

- Arabic: Mother tongue
- English: Very good
- German: Weak
